

***Lieutenant Governor André Bauer
Cordially Invites You to Join
South Carolina's Senior Community
for the
"You Can" Walk***

Each year, the month of May is designated as Older South Carolinians Month. I can think of no better way to honor seniors than to personally challenge them to work towards a healthier lifestyle by focusing on exercise and proper diet.

This month of celebration will start with a short walk around the State House grounds with light refreshments afterwards. Please put on your walking shoes and comfortable attire and join me for this fun event.
